STATUS OF LEGISLATION

This booklet contains a list of all the bills that were introduced into the Nova Scotia House of Assembly during the Fall 1999 and Spring 2000 sittings of the Nova Scotia Legislature. These sittings are the First Session of the Fifty-eighth General Assembly. In addition to the title of the bill, the name of the member who introduced the bill is also given. Government Bills are distinguished from Private Member's Bills (non-Government public bills) and from Private or Local Bills by designating the portfolio of the Minister concerned. Where a Minister introduced a bill and the portfolio of the Minister is not designated, the bill is either a Private Member's Bill, a Private Bill or a Local Bill.

In Nova Scotia all Government Bills and Private Member's Bills, after receiving second reading, are referred to the Law Amendments Committee unless the House otherwise determines. The only exception to this rule is the appropriations bill which is governed by special rules of the House. All Private or Local Bills, after receiving second reading, are referred to the Committee on Private and Local Bills.

Where a bill has received Royal Assent, the Chapter number in the 1999 (Second Session) or 2000 Statutes is given as well as the time of commencement.

This booklet replaces and includes all information contained in Fall 1999 Status of Legislation.
